

NEW STEAMER FOR ASTORIA

Callendar Navigation Company
Adds the Winona to Its Fleet
of Small Boats.

WILL SOON BE IN SERVICE

Company Now Has Six Steamers,
Which Will Ply to the Small
Towns in the Vicinity of
This City.

The Callendar Navigation Company's steamer Winona was towed into port yesterday by the steamer Alliance. The two boats arrived off the Heads Tuesday night, but the bar was breaking badly and they remained outside over night. Yesterday morning when the Alliance started in with her tow the hawser parted and the Winona was adrift for some time. However, she was picked up again without much trouble and brought up to the city. Off Umpqua Sunday morning the hawser parted, but the tow was picked up.

The arrival of the Winona adds the sixth boat to the company's fleet. The Winona is complete except for her engine and boilers, and within a month she will be ready for service. The Jordan's engines will be placed in the new boat, and new engines will be brought to Astoria today from the sound for the Jordan. The Winona is 70 feet in length, of 17 feet beam and registers 75 tons. She is a handsomely modeled steamer and has been built especially for the Grays river run. Completed, she will cost something like \$8000. The Melville, 87 feet long, is the largest boat of the fleet; the Jordan, 75 feet in length, being second largest. The Vanguard and Winona are about the same size, although the beam of the former is larger than that of the latter.

At the present time the gasoline launch Queen is on the Grays river route. The people of that section wanted a better boat, and the company determined to accommodate them. The Winona is a Coos bay product, but she is especially adapted to the Grays river depth of water.

The Callendar company will soon have six boats in service, and as business increases other steamers will be added to the fleet. The Vanguard will continue on the Cathlamet run, making a trip daily except Sunday. The Jordan will continue on the Deep river run, perhaps the best route of all, making a trip every day in the week, including Sunday. The Winona will run to Grays River. The Eclipse, the Melville and the Queen will be used for jobbing purposes, the latter to fill in at odd times. When the dock is finished the company will be in shape to handle all the business offered.

DID NOT CAUSE THE ARREST.

But M. E. Potter Would Have Given Boys a Shower Bath.

Astoria, Nov. 2.—(Editor The Astorian.)—It seems that the four boys who were arrested hallowe'en eve, and some of their friends, think I telephoned to the chief of police and caused their arrest, and I would like to tell them through the columns of your paper that it is a mistake; neither did any one use my telephone for that purpose. I do not blame the boys for wanting a

little sport, and would not cause the arrest of anyone without a serious offense. The boys that were here that night have always been very nice with us, and I am satisfied they only wanted to have some fun.

The policeman only spoiled my fun. I intended to give the boys a shower bath from the upstairs window. Yours very truly, M. E. POTTER.

OAKLAND GIRL'S SUCCESS.

Miss Lois Mendenhall One of the Cleverest of All Violinists.

Miss Lois Mendenhall, who appears this week at the Star, is an Oakland, Cal., girl, and has been on the vaudeville circuit but a short time. Her renditions are remarkable and the crowds which have nightly packed the Star have attested their appreciation of her ability by vociferously encouraging her. Local musicians pronounce

Miss Mendenhall one of the most accomplished violinists on the stage. During the remainder of the week Miss Mendenhall will render new selections.

The Alpines continue to be great favorites and their appearance is always the signal for an enthusiastic outburst. The spectacle of a girl turning a hand-spring on a tight-wire is perhaps not more wonderful than that of two girls executing a cakewalk on the slender rope of steel, but both feats surpass anything in this line ever before seen in this city. On Saturday Manager Gevarty will give away souvenir portraits of the Alpines.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation, all yield to these perfect pills. 25c, at Chas. Rogers' drug store.

B. Curran, a Fireman Employed
on the Manzanita, Disappears
From the Vessel.

MAY HAVE BEEN DROWNED

Left the Ship Tuesday Night and
All Efforts to Locate Him
Have Thus Far Proved
Unavailing.

Friends of B. Curran, a fireman, are anxious about him. Curran is employed on the lighthouse tender Manzanita and has been missing for two days. Tuesday evening about 7:30 he left the Manzanita, saying he would go ashore for a short time. He had been reading a magazine. It had been his custom to stop at the Parker house when ashore, and yesterday morning, when he did not report for work, Chief Rickards inquired at the hotel for him. He was informed that Curran had not been there. Chief of Police Hallock was notified, but the police had not found any trace of the man at midnight. Curran is about 27 years of age and a man of steady habits. He was formerly employed at the North Pacific brewery. He was not a drinking man, and for this reason his unexplained absence has caused anxiety for him. The docks in the vicinity of the foot of Ninth street are very dark at night, and it is just possible the young man made a misstep and fell into the river. He did not return to the ship after leaving at 7:30, for his book was found where he had left it.

APPRECIATED.

Astoria, Or., Nov. 2, 1904.

To Local No. 423, Cigarmakers Union of Astoria.

Gentlemen:—I notice your card of thanks, for which I desire to express my profound gratitude.

When I first conceived the idea of giving a box of one dozen cigars with a suit or overcoat, I called at Mr. J. V. Burns' factory, but that gentleman was out of town. I also went to Mr. Gus Schoenbacher's factory, and that gentleman was also out of the city; I told Mr. Peterson, one of the cigar makers employed there, that I wanted Astoria-made cigars, put up one dozen in a box, as soon as the proprietors could get them for me.

In the meantime I used a few boxes of other cigars, but as soon as you gentlemen called my attention to it, I took them out of my window, and both Mr. Burns and Mr. Schoenbacher have promised to have the dozen-boxes here within a few days.

I deserve no especial credit for that because every loyal American should give home manufactured goods the preference whenever possible, and in this connection allow me to say that

Two kinds of goods and trade; a bargain's a bargain and moneyback. One makes friends, and the other loses 'em.

HERMAN WISE

Astoria's Great Clothier.

for the last five years I have given away La Belle and Pride of Astoria cigars very extensively in my trade, which fact can be substantiated by the books of the local factories and by local cigar dealers, and I wish that every other store treating their customers to cigars would do "likewise."

I have been a union man since I was left fatherless at the age of 7, and obliged to hustle for my bread; later I learned that labor was holy; that "the injury of one is the concern of all," and that he who elevates another elevates himself. These mottoes are, and will always remain, my life mottoes. The ballot and the union are the only weapons labor has or should use, strictly but justly. Wishing you well, sincerely yours,

HERMAN WISE.
